## Who you call first can make all the difference

One minute Tobi was outside playing with her friends; the next minute she couldn't catch her breath. Within hours she was rushed to the emergency room. When her parents learned she needed life-saving heart surgery, they turned to Bikur Cholim for help. We immediately arranged a 2<sup>nd</sup> opinion with a world renowned surgeon, blood, meals, volunteers, transportation, Shabbos accommodations, and helped pay for her surgery and care. Today, Tobi is running outside again with a smile that says it all.

## MORE THAN HOPE

Thousands like Tobi and her family depend on Bikur Cholim to get the best care possible, and we depend on you.
